INSTRUCTIONS

1. The State Agencies must submit Purchase orders to the contractor via the Commonwealth of Virginia's electronic procurement system, also known as eVA. The orders will be governed by this agreement and the terms and conditions contained in the separate agreement for participation in Eva executed by the contractor. **If this contract is authorized for use by localities, Virginia cities, counties, town and political subdivisions (Rescue Squads & Non-profit licensed EMS Agencies) may use this contract, Purchase orders should be placed through eVA to the maximum extent possible.**
2. Inspection on delivery and approval of vendor's invoice is the responsibility of receiving state agency, Virginia City, county, town or political subdivision.
3. Any complaint as to quality faulty or delinquent delivery, or violation of contract provisions by contractor shall be reported to the Department of General Services for handling with the contractor. Complaint forms (DGS-41-024), by which to facilitate the notification of the contractor and this office of complaints, are available on the Division of Purchases and Supply web site, <http://www.dgs.state.va.us/dps>.
4. DELIVERY: Vehicles shall be delivered to the various state agencies, cities, counties, towns, and political subdivisions throughout the State as required. For bidding purposes only, quote delivery to 805 E. Broad Street, Richmond, Va. 23219. The ordering entity will pay 60 cents per mile for mileage in excess of the distance from the dealer's location to 805 E. Broad street, Richmond, Va. 23219. A 60 cents per mile credit will apply if the distance is less than the mileage to 805 E. Broad Street. Mileage will be determined based on Yahoo.com, (map, driving direction). Mileage shall be calculated between the dealer's address and the delivery address. Contract for Singer Associates built in mileage are 105 (\$ 63.00). Contract for Performance Specialty Vehicles built in mileage are 62 (\$ 37.20). Delivery will be accepted between the hours of 8:15 A.M. and 4:30 P.M., Monday through Friday, except holiday.
5. Must Price Options and Upgrades: For your convenience certain options are already pre-priced. They are listed right below the chassis information. If other (non-listed) options are desired you will receive an associated discount off of list price as listed on the pricing page. Upgrades and options not listed should be negotiated directly with the contractor.

Contract No. 7000-60
Ambulance Type I
Special Terms and Conditions

DELIVERY REQUIREMENTS:

Ambulances shall be delivered with a current Virginia State inspection sticker and vehicle title or original chassis manufacturer certificate of origin. All costs associated with doing so shall be paid for by the Contractor. Time is of the essence for delivery of ambulances under the terms of this contract. Delivery shall be made by the Ambulance Contractor within ninety (90) calendar days after receipt of Purchase Order (ARO) and approved pre-construction drawings are received from the purchasing agency; except for ambulances built on a medium duty chassis. For ambulances built on a medium duty chassis delivery shall be made within one-hundred and twenty (120) calendar days after receipt of the purchase order (ARO) and approved pre-construction drawings are received from the purchasing agency. Extensions may be granted by the Commonwealth of Virginia in the following instances and on the following conditions:

UNAVAILABILITY OF CHASSIS:

In the event the Ambulance Contractor cannot obtain a chassis from the chassis supplier in the time to meet the 90 calendar day or one-hundred and twenty (120) calendar day (for medium duty chassis) delivery requirement of this contract, the Commonwealth may, at its sole discretion, grant an extension of no less than ten (10) nor more than sixty (60) calendar days beyond the required delivery period providing the Office of EMS receives a written request from the Ambulance Contractor, within fifteen (15) days of the issuance of the Purchase Order, which must be accompanied by a written statement from the chassis supplier confirming the lack of availability of the necessary chassis.

SPECIALTY CONVERSION WORK:

In the event the ambulance ordered requires specialty conversion work which demands additional time beyond the ninety (90) day or one-hundred twenty (120) day (for medium duty chassis) required delivery time, the Office of EMS may, at its sole discretion, grant an extension of sufficient additional days not to exceed sixty (60) days beyond the required ninety (90) day or one-hundred and twenty (120) day (for medium duty chassis) delivery requirement; providing the Ambulance Contractor, within fifteen (15) days of the issuance of the Purchase Order, requests in writing such an extension stating the reasons for the need of additional time in conversion of the ambulance. If late delivery of the ambulance, pursuant to the Contract, results beyond the ninety (90) days or one-hundred and twenty (120) days (for medium duty chassis) after the Ambulance Contractor receipt of Purchase Order, or if delivery exceeds an extension granted by the Office of EMS, the Ambulance Contractor shall be considered in default.

DELIVERY NOTIFICATION:

The Ordering Agency shall be notified 72 hours prior to delivery of any items so that personnel may be available to allow access to the building and verify items received.

MOTOR VEHICLE DEALER'S LICENSE:

VA State Law (§ 46.2-1500 and § 46.2-1572) requires all bidders to have a motor vehicle dealer's license to sell ambulances in Virginia

DELIVERY POINTS:

Vehicles shall be delivered to the various state agencies, licensed Virginia EMS agencies, cities, counties, towns, and political subdivisions throughout the State as required. For bidding purposes only, quote delivery to 805 E. Broad Street Richmond, Virginia 23219. The Ordering Entity will pay 60 cents per mile one way, for mileage in excess of the distance from the dealer's location to 805 E. Broad Street, Richmond VA 23219. A 60 cents per mile credit will apply if the distance is less than the mileage to 805 E. Broad Street. Mileage will be determined based on Yahoo.com (map, driving directions). Mileage will be calculated between the dealer's address and the delivery address. Contract for Singer Associates built in mileage are 105 (\$ 63.00). Contract for Performance Specialty Vehicles built in mileage are 62 (\$ 37.20). (included in the base price). Delivery will be accepted between the hours of 8:15 A.M. and 4:30 P.M., Monday through Friday, except holidays or at other times as agreed to by the purchasing agency and contractor.

MAINTENANCE MANUALS:

The contractor shall provide with each piece of equipment an operations and maintenance manual with wiring diagrams, parts list, and a copy of all warranties.

CONTRACT PERIOD: Initial term of contract is anticipated to be from date of award until September 15, 2006 (renewable). Delays in award of a contract beyond anticipated starting date, may result in a change in the contract period. If this situation occurs, DP&S reserves the right to award a contract covering the period equal to or less than the term indicated.

QUALIFIED VEHICLE MODIFIER (QVM) APPROVED: The Office of EMS seeks the highest level of quality assurance and liability protection. To ensure these standards are met, Federal Specification KKK-A-1822, applicable at date of manufacture is specified and Ford Motor Company's "QVM" program shall be considered as the minimum acceptable guidelines. These standards shall be applicable regardless of the "first stage" chassis manufacturer specified herein. The bidder shall submit documentation that the "second stage" vehicle manufacturer is a current member of the Ford QVM or equivalent program. Bids not meeting this requirement will not be accepted.

RENEWAL OF CONTRACT: This contract may be renewed by the Commonwealth upon written agreement of both parties for up to three successive one year periods, under the terms of the current contract, and at a reasonable time (approximately 90 days) prior to the expiration.

NON MANDATORY CONTRACT:

Except for State Agencies, there is no State law requiring the various cities, counties, towns, and political subdivisions to purchase ambulances under this contract. The extent to which ambulances are purchased under this contract depends on how favorable the Contractor's prices are and the compatibility of the make of ambulance offered to the localities' existing fleet.

PRE-DELIVERY INSPECTIONS:

One inspection by the purchasing agency to inspect workmanship and quality during or at completion of construction at the factory OR at time of delivery to purchasing agency shall be scheduled by the Contractor for a date and time approved by the Ordering Agency. If a factory visit is provided, the Contractor shall be responsible for covering the associated costs of travel to the Contractor's facility for one (1) individual for a period not to exceed two (2) days. The purchasing agency may perform final inspection and take delivery of the vehicle at time of completion of the vehicle at the factory. If the Contractor's facility is outside of Virginia, the

Contractor shall provide commercial air carrier service from the commercial airport closest to the purchasing agency. In addition to costs associated with ground or air travel, the Contractor shall be responsible for the following charges: airport transfers and/or rental car charges, lodging and meals. State Travel Expense Regulations per diem guidelines for Lodging/Meals and Incidental Expenses (M&IE) shall apply. At the sole option of the ordering Agency/EMS, ground travel shall be available. If a purchasing agency elects not to exercise their site visit, the cost savings must be credited to the purchase price of the vehicle. Information concerning State Travel Expense Regulations: <http://vdhsrv15/DAMM/DAMMTRAV.htm>. Site visit shall be included in base vehicle price.

PRE-CONSTRUCTION DRAWINGS:

Pre-construction drawings shall be submitted to the purchasing agency for approval of all construction details prior to the start of construction.

PRIME CONTRACTOR RESPONSIBILITIES: The contractor shall be responsible for completely supervising and directing the work under this contract and all subcontractors that he may utilize, using his best skill and attention. Subcontractors who perform work under this contract shall be responsible to the prime contractor. The contractor agrees that he is as fully responsible for the acts and omissions of his subcontractors and of persons employed by them as he is for the acts and omissions of his own employees.

CONTRACT PURCHASE REPORT: The Contractor shall furnish the Office of EMS a report to include; name of the purchasing agency, agency's primary contact person, delivery date, chassis make, model and year, type of Unit, must price options purchased (MPOP), purchase price and the expected delivery date. The report shall be in writing and shall be sent to OEMS at the end of every three (3) month period of the contract. The Contractor shall furnish all reports in an Excel format.

PURCHASE VOLUME REPORT: The Contractor shall furnish DP&S reports of the total dollar volume of purchases made under this contract and the total number of each contract item ordered under this contract in accordance with the following schedule: (1) The first report shall include purchases made in the first six months of the contract. (2) The Contractor shall furnish further reports listing the purchases made during each twelve month period of the contract at the end of each year. All reports shall be delivered to DP&S no later than 14 calendar days after the end of the reporting period. Reports shall be sent to the attention of the appropriate contract officer. Failure to submit this information in the required time may result in disqualification from bidding on the next solicitation for this contract. Each report shall be in two segments: (1) one to report the total dollar volume of purchases and the total number of each item ordered by State agencies, institutions and departments; (2) one to report the total dollar volume of purchases and number of each item ordered by all other Commonwealth Public Bodies (e.g. cities, towns, counties, authorities, licensed EMS agencies, etc.), if authorized users of this contract. Bidders shall identify where indicated the name of the individual responsible for the preparation of these reports. Reports must be in Excel format.

SAFETY: The Contractor shall comply with the Virginia Occupational Safety and Health Standards adopted under Section 40.1-22 of the Code of Virginia and the duties imposed under Section 40.1-51.1 of the Code. Any violation of the requirements or duties that is brought to the attention of the Contractor shall be immediately abated.

TAXES

No Federal Tax is to be included in the price, including Tire Tax. Tax Exemption Registration Number will be provided.

WARRANTY: Contractor shall provide written warranty for the modular body structure against defective materials, workmanship and performance for a minimum period of fifteen (15) years from the date of acceptance, excluding vandalism. Contractor shall provide written warranty for the ambulance conversion electrical wiring system (excluding light bulbs, motors and components warranted by the component manufacturer) for a minimum period of five (5) years from the date of acceptance. Contractor hereby agrees to furnish, without cost to the purchasing agency all labor, parts and materials for replacement of items found to be defective during the ambulance manufacturers warranty period. Warranty repairs shall be completed within seventy-two (72) hours after written notification. Repair parts shall be readily available for at least fifteen (15) years following the date of acceptance.

INDEMNIFICATION: Contractor agrees to indemnify, defend and hold harmless the Commonwealth of Virginia, its officers, agents, and employees from any claims, damages and actions of any kind or nature, whether at law or in equity, arising from or caused by the use of any materials, goods, or equipment of any kind or nature furnished by the contractor/any services of any kind or nature furnished by the contractor, provided that such liability is not attributable to the sole negligence of the using agency or to failure of the using agency to use the materials, goods, or equipment in the manner already and permanently described by the contractor on the materials, goods or equipment delivered

New Vehicle Coverage BUSINESS CLASS

A Division of **FREIGHTLINER**
CORPORATION

BUSINESS CLASS	2 Years Unlimited	5 Years Unlimited
Basic Vehicle Warranty		
Unless excluded elsewhere in the warranty or described as having longer time and distance limitations, all components of the basic vehicle are covered under the basic vehicle time and distance limitations. Batteries are warranted for 1 year or 100,000 mi/161,000 km. (Some batteries are prorated up to 36 months. Please see your nearest dealer for specific manufacturers.)		
Drivetrain Components		
Includes transmission (excluding Allison transmissions); drive axles (differential assemblies, axle shafts, and axle housings); steering axle (beam, spindles, kingpins, and kingpin bearings); and steering arm.		
Cab Structure and Sheet Metal (Doors and Conventional Hoods)		
Includes cab structural components, sheet metal panels, and sheet-molded compound hood.		
Cab Corrosion		
Warranted against rust-through or perforation due to corrosion from within. Excludes: surface rust caused by chips or scratches in the paint.		
Frame Rails and Crossmembers		
Includes frame rails, attaching crossmembers, and gussets due to breaking or cracking.		

EXCLUSIONS FROM WARRANTY

Normal Maintenance

Routine maintenance services and adjustments as defined in the applicable maintenance and driver's manuals, are excluded from warranty. The tightening of fasteners, fittings, hose clamps, and electrical connectors which are loosened by normal operation of the vehicle is considered to be normal maintenance; however, a courtesy warranty will be granted for the tightening of these items up to 25,000 mi/40,500 km or the M1 service interval, whichever is greater. Please refer to these manuals for the required maintenance and service intervals.

Consumable Parts

Parts that are subject to consumption during their normal service life and are routinely replaced during normal maintenance service are not covered under warranty. Items included, but not limited to: belts, brake linings, clutch brake, clutch linings, data logger batteries, filters; fuel, air, oil, water and desiccant cartridges, floor mats, fluorescent ballast and tubes, fuses, light bulbs and non-reusable sealed light assemblies, mud flaps, receiver-dryer filter/suction accumulator, and wiper blades.

Glass

Glass and lens breakage and scratches are not covered by warranty.

Chrome, Aluminum, and Stainless Steel Components

General rust and/or staining, blueing and/or yellowing, rust pits and/or nicks caused by road debris, streaks, stains, and corrosion

caused by severe wash solutions or road salts are not covered by warranty.

Damages

Damages caused by accidents, negligence, abuse, misuse, improper operations, improper or insufficient maintenance services, road hazards, chemical stains, storage, transport, or operation at excessive speeds, and loading beyond rated load capacities are not covered by warranty.

Axle/Wheel Alignment/Balancing

Balancing of tires/wheels and adjustments to camber are not warrantable. Alignment of axles and wheels including thrust angles, caster, and toe settings are warrantable if found to be out of Freightliner Corporation's specifications prior to, or during in-service of the vehicle.

Upholstery and Floor Mats

Repair or replacement of upholstery or floor mats caused by normal wear or abuse are not covered under warranty.

Miscellaneous Expenses

Premium charges and work not directly related to the repair or replacement of a warrantable part will not be covered under warranty. Some examples include: state, provincial, and local taxes, road tests, dynamometer testing, travel expenses, road service/calls; towing, loss of revenue, customer and overtime labor, downtime, driver's expenses, cost of rental equipment, loss of perishable cargo, shop supplies, communication charges, repair or replacement of optional items not sold or installed by Freightliner Corporation.

IMPORTANT

Extended warranty coverage programs are available for customers to purchase at time of sale or up to 90 days from purchase date.

Freightliner Corporation reserves the right to change these provisions. For more information on warranty coverages see your Owner's Warranty Information book or contact your local Freightliner dealer.

Please refer to the reverse side of this sheet for more warranty information.

Freightliner New Vehicle Limited Warranty

Freightliner warrants that each new Freightliner vehicle (truck, tractor, or glider kit), with the exception of certain excluded components and parts, will be manufactured to the specifications agreed upon and will be free from defects in material and workmanship which appear under normal use and service, subject to different time and distance limitations for specific components and parts as described by the previous graph. This warranty applies only to vehicles sold and domiciled in the U.S. and Canada.

This warranty does not apply to engines, Allison transmissions, tires, or other components or parts which are not manufactured by Freightliner and which are warranted directly by their respective manufacturers, or to routine maintenance requirements as described in the Owner's Warranty Information book. With respect to the foregoing, Freightliner makes no warranty whether express, implied, statutory or otherwise including, but not limited to, any warranty of merchantability or fitness for purpose.

Purchaser must notify Freightliner, within the applicable warranty period, of any failure of the vehicle to comply with this limited warranty and Purchaser must, at Purchaser's expense, promptly return the vehicle, component or part to an authorized Freightliner dealer for inspection of any defect in material or workmanship occurring within the applicable time or distance limits.

Freightliner's sole obligation shall be the repair or replacement, at Freightliner's option, of any defective component or part thereof. All components and parts are covered by the Basic Vehicle Warranty unless specifically covered by other descriptions, or otherwise excluded herein. Such repair or replacement shall be without cost to Purchaser when performed within the time or distance limits, whichever occurs first.

On expiration of Freightliner's obligation for the cost of parts and labor in accordance with the time and distance limits stated herein, all liabilities of Freightliner to Purchaser under this limited warranty shall terminate. Warranty repairs do not constitute an extension of the original warranty period for the vehicle or for any specific component or part.

The foregoing limited warranty is exclusive and in lieu of all other warranties whether written, oral or implied including, but not limited to any warranty of merchantability or fitness for purpose.

This limited warranty specifically excludes any other warranties or conditions provided for by law, whether statutory or otherwise.

This limited warranty shall be void, and Freightliner shall not be obligated to repair or replace any component or part, where the necessity of such replacement or repair, in Freightliner's opinion, is due in whole or in part to loads in excess of stated factory rated capacities, improper maintenance or service, modification or alteration, accident, or other misuse or abuse of the vehicle.

The vehicle must be maintained and serviced according to the prescribed schedules outlined in the applicable Freightliner maintenance and driver's manuals. Receipted bills or other evidence that required maintenance and service have been performed are required by Freightliner as a condition of this warranty.

To the extent any provision of this warranty contravenes the law of any jurisdiction, such provision shall be inapplicable in such jurisdiction, and the remainder of the warranty shall not be affected.

Freightliner Purchaser's Exclusive Remedy

The foregoing limited warranty shall be the Purchaser's sole and exclusive remedy against Freightliner, whether in contract, under statute (including statutory provisions as to conditions as to quality or fitness for any particular purpose of goods supplied pursuant to the contract of sale), warranty, tort, strict liability, or any other legal theory.

Freightliner Limitation on Liability

Freightliner's liability to a Purchaser on any claim for loss or damage arising out of, connected with, or resulting from the contract or sale, or the performance or breach thereof, or from the design, manufacture, sale, delivery, service, repair or use of any vehicle manufactured by Freightliner, shall not exceed the price to Purchaser allocable to the part of such vehicle which gives rise to the claim, and in no event shall it exceed the purchase price of the vehicle. In no event shall Freightliner be liable for special or consequential damages including, but not limited to, injuries to persons or damage to property, loss of profits or anticipated profits, or loss of vehicle use.

Freightliner Exceptions to Normal Warranty Guidelines

ENGINE

Engines and engine accessories are warranted only by the engine manufacturer. For engine warranty or service, contact specific engine manufacturer's authorized sales and service facility.

ENGINE ACCESSORIES

Air Compressors

Detroit Diesel Engines: Any failure to air compressors installed by Detroit Diesel should be filed through their distributors.

Cummins Engines: Cummins air compressor claims must be filed with Cummins. Midland and Bendix compressors installed by Cummins are covered by Cummins for installation workmanship only. File these claims directly to Cummins. Any failure caused by material defect or assembly of the air compressor should be filed through the Alliance Warranty Department.

Caterpillar Engines: Any failure of air compressors installed by Caterpillar should be filed through their distributors.

Engine Brakes

Detroit Diesel Engines: Detroit Diesel engine brake and Jacob brake claims must be filed through their distributors.

All other engine brakes that were factory installed by Detroit Diesel are covered by Detroit Diesel warranty for installation workmanship only. Any failure caused by material defect or assembly of the engine brake should be filed through the Alliance Warranty Department.

Cummins Engines: Cummins C brakes and Jacob brake claims must be filed through their distributors.

All other engine brakes that were factory installed by Cummins are covered by Cummins warranty for installation workmanship only. Any failure caused by material defect or assembly of the engine brake should be filed through the Alliance Warranty Department.

Caterpillar Engines: Jacob brake claims must be filed through Caterpillar.

All other engine brakes that were factory installed by Caterpillar are covered by Caterpillar warranty for installation workmanship only. Any failure caused by material defect or assembly of the engine brake should be filed through the Alliance Warranty Department.

ALLISON TRANSMISSIONS

For Allison transmission warranty or service contact your Allison distributor.

TIRES

Warranty on the original tires is provided by the tire manufacturer.

FIFTH WHEELS

Adjustment of the locking mechanism, slide locking plungers, and the repair or replacement of lock guards are considered routine maintenance.

Freightliner Modifications to Original Equipment

Freightliner neither approves nor disapproves and does not warrant, vehicle component or chassis modifications or equipment installations, arranged by dealers or customers, since Freightliner has no control over the work being performed by the various vehicle body/equipment builders.

Freightliner is unable to accept extra time to remove body builder installed items to work on a warrantable repair unless Freightliner sells the complete chassis/body/equipment as a package.

If dealers or customers have any vehicle modifications or equipment installations performed, to the extent these modifications or equipment installations adversely affect other vehicle components or vehicle performance, Freightliner shall not accept any product liability or claims under the terms of the vehicle warranty. These claims become the sole responsibility of the person performing the modifications or equipment installations.

Freightliner Transfer of Warranty

When a used Freightliner vehicle is purchased prior to the expiration of the original warranty, the new owner is entitled to the remaining portion of the warranty. To ensure the owner receives proper warranty recognition, complete the "Notice of Purchase of Used Truck" coupon at the back of the Owner's Warranty Information book and mail to the Alliance Warranty Department.

Freightliner Change of Customer Registration Information

To ensure Freightliner's continued ability to reach the owner with recall campaigns or field service modification information, it is imperative that a change of address notice be completed and mailed to the Alliance Warranty Department when a customer has moved to a new address.

Freightliner Product Improvement

Freightliner reserves the right to make product improvements or changes at any time, without incurring any obligation to make such changes or improvements to any other vehicle.

Freightliner Owner's Warranty Responsibilities

It is the owner's responsibility to ensure the vehicle is maintained as outlined in the applicable Freightliner maintenance and driver's manuals. It is important the new owner becomes familiar with the contents of the Owner's Warranty Information book. When the customer first receives the vehicle, the Owner's Warranty Information book should be reviewed by the dealer, page by page, with the customer.

LIMITED WARRANTY
BASIC WARRANTY FOR MEDIUM DUTY

- **REPAIRS COVERED** — The warranty covers repairs or replacement, at Allison Transmission's option, to correct any transmission malfunction resulting from defects in material or workmanship occurring during the warranty period. Needed repairs or replacements will be performed using the method Allison Transmission determines most appropriate under the circumstances.
- **TOWING** — Towing is covered to the nearest Allison Transmission Distributor or authorized Dealer only when necessary to prevent further damage to your transmission.
- **PAYMENT TERMS** — Warranty repairs, including parts and labor, will be covered per the schedule shown in the chart contained in section "APPLICABLE MODELS, WARRANTY LIMITATIONS, AND ADJUSTMENT SCHEDULE."
- **OBTAINING REPAIRS** — To obtain warranty repairs, take the vehicle to any Allison Transmission Distributor or authorized Dealer within a reasonable amount of time and request the needed repairs. A reasonable amount of time must be allowed for the Distributor or Dealer to perform necessary repairs.
- **TRANSMISSION REMOVAL AND REINSTALLATION** — Labor costs for the removal and re-installation of the transmission, when necessary to make a warranty repair, are covered by this warranty.
- **WARRANTY PERIOD** — The warranty period for all coverages shall begin on the date the transmission is delivered to the first retail purchaser or, if the transmission is first placed in service as a demonstrator prior to sale at retail, on the date the transmission was first placed in such service. The warranty period for all coverages shall end at the expiration of the coverage set forth below.

Also requires an ETC registration from either the OEM or Customer.

WHAT IS NOT COVERED

- **DAMAGE DUE TO ACCIDENT, MISUSE, or ALTERATION** — Defects and damage caused as the result of any of the following are not covered:
 - Flood, collision, fire, theft, freezing, vandalism, riot, explosion, or objects striking the vehicle;
 - Misuse of the vehicle;
 - Installation into unapproved applications and installations;
 - Alterations or modification of the transmission or the vehicle; and
 - Anything other than defects in Allison Transmission material or workmanship.
- NOTE:** This warranty is void on transmissions used in vehicles currently or previously titled as salvaged, scrapped, junked, or totaled.
- **CHASSIS, BODY, and COMPONENTS** — The chassis and body company (assemblers) and other component and equipment manufacturers are solely responsible for warranties on the chassis, body, component(s), and equipment they provide. Any transmission repair caused by an alteration(s) made to the Allison transmission or the vehicle which allows the transmission to be installed or operated outside of the limits defined in the appropriate Allison Installation Guideline is solely the responsibility of the entity making the alteration(s).
- **DAMAGE CAUSED by LACK of MAINTENANCE or by the USE of TRANSMISSION FLUIDS NOT RECOMMENDED in the OPERATOR'S MANUAL** — Defects and damage caused by any of the following are not covered:
 - Failure to follow the recommendations of the maintenance schedule intervals applicable to the transmission;
 - Failure to use transmission fluids or maintain transmission fluid levels recommended in the Operator's Manual.
- **MAINTENANCE** — Normal maintenance (such as replacement of filters, screens, and transmission fluid) is not covered and is the owner's responsibility.
- **REPAIRS by UNAUTHORIZED DEALERS** — Defects and damage caused by a service outlet that is not an authorized Allison Transmission Distributor or Dealer are not covered.
- **USE of OTHER THAN GENUINE ALLISON TRANSMISSION PARTS** — Defects and damage caused by the use of parts that are not genuine Allison Transmission parts are not covered.
- **EXTRA EXPENSES** — Economic loss and extra expenses are not covered. Examples include but are not limited to: loss of vehicle use; inconvenience; storage; payment for loss of time or pay; vehicle rental expense; lodging; meals; or other travel costs.
